

ATTITUDE DETERMINES ALTITUDE

A talk on the above topic was delivered by Retd. Wing Commander M. Jeyakumar, Founder and CEO of nROOT Consultancy, Thanjavur on 10 July 2019. The students from the Third year of Engineering of all branches were the beneficiaries.

Mr. Jeyakumar shared his journey as an entrepreneur from making India's first Indigenous Missile Simulator, to founding his own startup. He collaborates with staff and students of Engineering colleges to offer high quality and low cost import substitution for various defence and civilian projects across India.

He told the students to contribute to aim high and contribute to Make in India initiative of the Government by working on creative and innovative ideas.

His consultancy firm would be signing an MoU with DBIT for projects and product development
